Mr Michael Chaney AO  
Chairman,  
National Australia Bank  
Level 3, 800 Bourke Street  
DOCKLANDS VIC 8001

Dear Mr Chaney,

Thank you for responding to my 26 January 2013 letter.

We note the directors claim the bank has responded to our 9 complaints and does not propose to respond to similar allegations. We have not received your investigation reports and therefore believe your statement is untruthful and self-serving, for the purpose of seizing our family's property prior to the court hearing our appeal.

We refer you and the other directors to clause 35.8 in our small business contract. It requires the bank to provide us copies of its investigations into each complaint. In the event that the court finds the directors lied to us or instructed its lawyers to misinform the court about complying with our contract, we will seek a ruling in our favour.

Please confirm the National Australia Bank directors have considered these matters and will not sell our land because we intend asking the court to require the bank to return our farm to us.

Yours sincerely,

Chris Priestley

Claire Priestley
